Issue Number 11

Thursday 30th November 2017

## 5,4,3,2,1, LIGHTS AND ACTION

Last week saw the inaugural theme week in GVS with 'Maths at the Movies Week'.

Each class was given a film as the source of their maths for the week—Chicken Run, Shrek and Madagascar. There was a wonderful range of activities for the children to enjoy throughout the week. These included a whole school quiz, planning chicken farms, designing beautiful tessellations, limbo dancing, cooking, mixing cocktails, doing surveys across the school and treasure hunts around the school grounds.

The grand finale of the week came with the arrival of so many parents who came into the classrooms for maths. They played a variety of games and it was clear from where the children get their mathematical ability!! A BIG thanks to all parents who came in on Friday afternoon—the children were really excited about being in class with you. One parent's comment on leaving was 'That was very good, but not long enough.' No problem—next time.

## Important Dates

**Tuesday 5th December**  
School closed

**Monday 11th December**  
School closed

**Friday 15th December**  
Golden Mile

**Friday 22nd December**  
Last day of school

Octopus Class: **Layla**

## WWW DOT

Just a gentle reminder about our website.

It contains information which could be useful to you. For instance, all holiday dates and all previous letters and newsletters are on it.

Also, some parents were asking about online games for their child at maths week. The 'parents' page and the 'kids' page contain links to many, many games and websites suitable for the children to use in their learning at home.
